

MASKED BANDITS FIGHT ON TRAIN; ONE IS KILLED

Another Is Wounded and Deputy Sheriff Shot in Hold-Up on Oregon Railroad.

PENDLETON, Ore., July 2.—One robber was killed and another and a deputy sheriff wounded in a fight between three bandits and passengers on westbound Oregon Washington Railroad and Navigation passenger train No. 5 early to-day.

The holdup was attempted two miles east of Meacham, which is fifty miles east of Pendleton.

The men boarded the train at Kamela. After it had gone three miles they donned masks, drew revolvers and entered the rear Pullman, where they "covered" the Pullman conductor and porter. These were forced into the baggage car, where the train conductor and two other trainmen were also taken. The bell cord was pulled and when the train stopped the fireman and engineer were also locked in the baggage car. One robber remained to guard the prisoners and the other two went through the train robbing the passengers, some of whom showed fight, but were soon overcome.

Deputy Sheriff McDuffee was asleep in the tourist car when the robbers entered. The noise awakened him and he immediately opened fire on the bandits, killing one and wounding another. The robbers returned the fire, wounding McDuffee. The gang then jumped from the train and fled to the mountains.

After locking the trainmen in the baggage car the bandits forced the express messenger to surrender the contents of his safe. Evidently disappointed at the amount of money obtained, they began robbing the passengers. They got most of the valuables of the passengers in three coaches.

The amount of plunder taken is not known.

CASE AGAINST RILEY FALLS TO THE GROUND

No Evidence to Convict Former Police Captain and Indictment Will Be Dismissed.

A motion for the discharge from his \$500 bail of Dominick Riley, former police captain, was made before Judge Crain in General Sessions to-day, seconded by District Attorney Whitman. Riley was indicted Dec. 3, 1913, charged with having accepted a bribe of \$500 from Alexander Cohen, a former policeman, on Oct. 10, 1912, to allow George McCrea, Curley Carter and George Tarbeaux to work the wire tapping game undisturbed. At that time Riley was a detective lieutenant on the staff of Deputy Commissioner Dougherty.

In the memorandum accompanying the motion the District Attorney explained that the only evidence against Riley was the testimony of Cohen, the confessed bribe-giver, an accomplice. There was no corroboration of the evidence of a bartender on the Bowery, who said that Riley had given him \$500 with which to help the bailing out of Tarbeaux after the wiretappers were arrested the following spring.

The time fixed by the bartender as that of Riley's visit, Mr. Whitman has been convinced by Frank Aranow, Riley's lawyer, was a month after the bartender had been discharged and two weeks after the saloon itself had been closed.

The District Attorney said he would move for the dismissal of the indictment against Riley at the October term of court if no new corroborative evidence was discovered.

ASTOR PENSIONS OLD FAMILY MAJOR DOMO

Mindful Face of Thomas Hade Was Known to Society Folk of Europe and America.

NEWPORT, July 2.—Thomas Hade, thirty-five years Major-Domo in the Astor family has been retired, and, according to report, pensioned for life by Vincent Astor.

He was employed by the late Mr. and Mrs. William Astor, John Jacob Astor and Vincent Astor. There is probably no one whose features are more familiar to the society people of Europe and America and some dignitaries than Thomas Hade, because of long service in this noted family.

His affable and kind manner made him a general favorite in Newport as well as in New York and many other places where the Astor family resided.

TWO FREED BUT REARRESTED

Grand Jury Acts Quickly After Discharge by Magistrate.

Two men whom Magistrate Campbell discharged to-day in Yorkville Court, although Detectives Dribben, Cohen and Pughel of Police Headquarters testified that they had found them wandering about the left district with burglar tools in their possession, were indicted a short time later, rearrested and locked up in the Tombs to await trials in General Sessions.

They were Frank Belsky of No. 23 Second Avenue, who the detectives say, had been arrested three times for burglary, although never convicted, and John Burk of No. 220 East Twenty-ninth Street.

BOARD OF ESTIMATE TURNS DOWN INTERBORO

Awards Holbrook Concern Contract for Connecting Subways at Forty-third Street.

The Interborough Rapid Transit Company to-day received a knockout blow when in the meeting of the Board of Estimate it fought the third round of its battle to deprive the Holbrook, Cabot & Rollins Corporation of its right to build the connecting link between the new Seventh Avenue subway and the present subway at Forty-third street.

After bids for the contract were first advertised for by the Public Service Commission the Rapid Transit Construction Company, a subsidiary of the Interborough, failed to get the contract. On complaint of the Interborough all the bids were thrown out.

New bids were asked, but again the subsidiary of the Interborough failed to bid lowest and there was another protest. This time the Holbrook, Cabot & Rollins Corporation bid low. It offered to hook up the new and old lines for \$421,566.

But the Public Service Commission paid no attention to the second protest of the Interborough and awarded the Holbrook concern the contract. When the contract came up to-day for approval by the Board of Estimate the Interborough contended that the indemnity bond for \$500,000 which the Holbrook concern offers does not protect the Interborough sufficiently against damage suits should an accident occur in the present subway while a connection is being made with the new subway.

Counsel for the Interborough and the Holbrook concern argued for half an hour, after which Comptroller Prendergast moved that the Holbrook concern be awarded the contract. All the members of the Board of Estimate voted with the Comptroller with the exception of Borough President Mathewson of the Bronx, who refused to vote. In begging to be excused he explained he was not in sympathy with the Interborough Company.

KEY IN BALLOU CASE DOESN'T HELP CLEAR MYSTERY OF HIS DEATH

All Officers and Trustees of Ripowan Lodge Had Like Ones.

(Special to The Evening World.)

STAMFORD, Conn., July 2.—That the police have not located the owner of the key they found in Mrs. Helen M. Angie's apartment was admitted to-day by Chief Brennan and that it will be difficult for them to trace the key to an owner was learned from an authoritative source.

There is no record kept by the makers of the keys supplied to Ripowan Lodge Buildings Corporation, although there is a complete record of keys issued to officers and trustees of the lodge. There are supposed to be five keys held by the trustees of the Ripowan Lodge which will open every lock on the floor occupied by the lodge, including Mrs. Angie's apartments. They are not, however, master keys. The only other keys that have a right to be out are keys held by the officers of the lodge other than the trustees. Keys are not issued to members—only to officers.

Leonard Rondelli, Mrs. Angie's father, said to-day that his lodge-room key opened the front door of the front room in his daughter's apartment. He is not at present an officer or trustee of the lodge, but it is understood he has been.

Since the investigation of the death of Mr. Ballou began a number of scurrilous post cards have been addressed both to Chief Brennan and to Mrs. Angie. The local post-office authorities withdrew them from the mail and sent them to Washington. Coroner Phelan will be here to-morrow, but it is by no means certain that he will finish the inquest. He said yesterday that if the investigation developed along certain lines he might again continue it.

He was reappointed for another, and was again appointed in 1907.

SIX WORKERS INJURED IN NEW SUBWAY CUT

A boulder which dislodged a scaffold in the upper deck of the Lexington Avenue subway at Ninety-second street caused injuries to six laborers. These three were sent to Flower Hospital.

Guetano Celando, No. 208 East One Hundred and Fifty-third street, contusions of head and shoulders.

Joseph Vandi, No. 321 East Tenth street, shock and general contusions.

Dr. Bergman of Flower Hospital treated the other three men for minor injuries. They were sent to their homes.

The boulder fell a distance of ten feet, demolishing the supports of the scaffold and hurling the workmen to the rocky floor of the upper deck.

FURIES FIGHT IN COURT WITH FIVE WARDENS

Georgina Lloyd and Phyllis North Finally Overcome and Sentenced to Three Months.

CARNARVON, Wales, July 2.—Great violence was caused to-day by two "furies"—Georgina Lloyd and Phyllis North—when they were arraigned for trial at the Carnarvon Sessions on charges connected with a window smashing campaign on June 2 at Criccieth, in the constituency of Chancellor of the Exchequer Lloyd-George.

The prisoners fought like wildcats and it took five wardens to keep them in the prisoners' enclosure.

A detective from Scotland Yard told the Court that Miss North was a member of the "arson squad" which had set fire to the pavilion in the botanical gardens at Kew several months ago and that a short time since she had inherited a fortune of \$450,000.

Each of the women were sentenced to three months' imprisonment.
